

## STAMPED POLAR BEARS

### Materials:

blue construction paper  
pencil  
tempera paint white and black  
marshmallows  
brush  
glitter  
Glue

Show how to draw a polar bear out of simple shapes: circle, half of a circle (ears) and a part of a triangle for the body. Talk about the grey shadow under the head. How do you make gray? Tell students they have to stamp with marshmallows or brushes. Do not paint!

Students draw the head of a polar bear on blue paper. Use white to stamp head and body. Use grey to stamp the shadow. Paint eyes and nose with a small brush. Decorate the artwork with glitter.
