

Van Gough 3-D Chairs

Give each student one black paper and 2 white papers.

Place 2 whites evenly in center of black paper, then fold up the bottom of the papers all at the same time

After that, cut two slits in one white paper on the fold to make pop-up chair seat.

Then draw and color chair and background on first white paper, then drew and colored floor and wall on white paper with slits cut for chair.

Draw the floor and wall on 2nd white paper in area that shows through the back, when white papers are placed on top of one another. Last, glue white papers onto black background.
