

# Hurricane Harvey Help

for

## Refugio Elementary School

### Refugio, TX

At Walnut Acres we believe that character counts.  
We always strive to **be safe, be responsible, be respectful, and be kind.**

In the spirit of **Global Citizenship**, the Walnut Acres PFC is adopting a school severely impacted by Hurricane Harvey.

Refugio is a rural community of around 3,000 people. When the hurricane made landfall, Refugio took a direct hit, and sustained winds of 130 miles per hour for over five hours. Every building in the district was damaged significantly except their athletic facility, which they are currently using to shelter students whose homes were destroyed.

Walnut Acres PFC asks you to kindly consider contributing a **cash donation** to assist in replacement of school supplies for Refugio Elementary School. Monetary donations will go toward the replacement of student computers and books that were lost or destroyed by the hurricane.

### Have Questions?

To contribute additional funds or for information regarding handling of PFC donations, please contact Jill Ridlehoover or Anna Halverson via the Konstella app or website.

For more information about Refugio, TX or other ways you can help that community directly, please contact Meg Gibson-Keese via the Konstella app or website.
