

WHO DUNNIT?

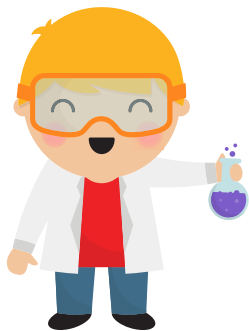

Solving crime through science

Turn your student into a real CSI: Crime Scene Investigator!! In this STEM based class, your young CSI will work on new clues every week to help solve the case of the missing bike!! From using microscopes to study DNA to lifting fingerprints and identifying different substances, students will use various science techniques to analyze clues and ultimately solve the crime!!

CRIME SCENE DO NOT CROSS

Thursdays at Walnut Acres
Jan. 24th to March 21th 2:45-3:45
Cost: \$171 (includes materials fee)
